

E-Brave Career Discovery Platform
Assessment Intelligence Sourcebook

Professional Publication Edition

Table of Contents

1. Executive Overview & Trait Framework
2. Scoring Methodology & Normalization Logic
3. Composite Score Framework
4. Student Archetype Engine
5. Career Cluster & Recommendation Logic
6. Counselor Flagging Rules
7. Student Interpretation Logic
8. Parent Interpretation Logic
9. AI Reasoning Framework & Report Generation
10. Workflow Diagrams & Decision Trees
11. Implementation Examples

Executive Overview & Trait Framework

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Scoring Methodology & Normalization Logic

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Composite Score Framework

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Student Archetype Engine

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Career Cluster & Recommendation Logic

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Counselor Flagging Rules

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Student Interpretation Logic

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Parent Interpretation Logic

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

AI Reasoning Framework & Report Generation

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Workflow Diagrams & Decision Trees

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

Implementation Examples

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.

This formatted edition was generated from the approved E■Brave Assessment Intelligence Sourcebook. The document preserves the official framework including the 8■Dimensional Trait Framework, scoring methodology, normalization logic, composite score framework, archetype engine, career recommendation methodology, counselor flagging framework, interpretation logic, AI reasoning framework, workflow diagrams, and implementation examples.
